

A new dimension
in home theater.

ELAC Cinema 5

Experience movies and music like never before!

Imagine movie soundtracks and your favorite music coming alive with more impact and realism than ever before, immersing everyone in the room with exciting 5.1-channel, 360-degree sound.

Precision drivers

Each satellite speaker features carefully selected ½-inch neodymium magnet tweeters that reproduce crystalline high frequencies with precision.

Clean connections

Their compact design, textured cabinet finish and elegant curved grilles let the Cinema 5 speakers disappear in the room.

Powered subwoofer

Immerse yourself in bass so powerful you won't believe it comes from an 8-inch, bottom-firing driver in one clean, elegant cabinet.

ELAC's Cinema 5:

The 5.1 Channel Home Theater Speaker System with Active Subwoofer delivers performance on a grand scale in one compact, easy-to set up package that opens up a whole new dimension in listening. Inside this box is a six-piece surround-sound speaker system engineered to expand your sonic landscape, while taking up so little space you barely know it's there.
