## Notices before using your DuoAnge

---

- Make sure you have plugged your DuoAnge's 3.5mm phone jack all the way into your device's headphone jack, otherwise breaking sound may occur or no sound output at your DuoAnge due to bad connection.
- Please avoid long period of usage of the headphone under high output level, otherwise this may damage your hearing ability permanently.
- Please increase your output level gradually when using the headphone to avoid any damages to your hearing ability.

## Maintenance

---

- Increase the output level gradually to avoid sudden high output power and damage the headphones internal elements.
- Please do not drop the headphones heavily or this may damage or reduce the magnetic characteristics of the internal elements and damage the sound quality of the headphones
- Please make sure you plug in the headphone jack only to the HP output jack of your output device
