### Add Your Own Style

Bring your unique sound to life by using the companion app designed specifically for your GO GUITAR PRO for amp modeling and to add your favorite effects. And if you're feeling adventurous, spark your creativity with the entire array of TC Helicon mobile apps. GO GUITAR PRO is also compatible with a wide range of apps and software from 3rd-party vendors.

### Brazenly Bold or Soulfully Shy?

Whether you crave to be heard for miles or want your own discreet, private jam, we have you covered. Simply connect headphones to GO GUITAR PRO and hear yourself as you record or play with no noticeable latency, or use the selectable FX/Thru for monitoring a processed or clean signal to your amp or external rig!

### More than Just Guitars

Sure, the word "guitar" is in the name, but you're not limited to guitars only! You can also use the Line input for any line-level audio device, such as your keyboard or mixer.
